2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

**** STAFF REPORT ****

PROJECT DESCRIPTION

The project is a request for a Variance to allow 71 Parking spaces where 81 spaces are the minimum required for a proposed 14,028 square-foot General Retail store on 3.21 acres adjacent to the east side of El Capitan Way, 260 feet north of Durango Drive.

No topographical constraints exist on the site that precludes the project from adhering to Title 19.10 Parking requirements. Staff recommendation is denial.

DEVELOPMENT STANDARDS

The following Title 19.04 Parking requirements for a General Retail use apply:

Parking Requirement							
Use	Gross Floor Area or Number of Units	Required			Provided		Compliance
		Parking Ratio	Parking		Parking		
			Regular	Handi-capped	Regular	Handi-capped	
General Retail less than 3,500 square feet	14,028	1/175	80	4	71	4	N
SubTotal			80		71		
TOTAL			80		71		N
Loading Spaces			2		4		Y
Percent Deviation					13%		

ANALYSIS

The proposed General Retail use is subject to the parking standards of Title 19.04 and Title 19.10. The project as designed will provide 71 parking spaces where 81 is the minimum required which represents a 13 percent deviation from standard. No physical site constraints exist on the subject parcel that prevents the project from adequately addressing the parking standard of 1 space for every 175 square feet of gross floor area.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.”

Additionally, Title 19.18.070L states:

“Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance

from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.”

No evidence of a unique or extraordinary circumstance has been presented in that the applicant has created a self-imposed hardship by designing a project that will result in a parking impaired commercial development. An alternative that reduces the floor area of the proposed structure would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site’s physical characteristics, it is concluded that the applicant’s hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
